REMARKS - COMMENTAIRES: "H.R. exp" Jim; Insp Lawson has reported that a person who intends to apply for a Cpm position in the Lab has told the 'c of that area that he is a homosexual and still wants to join. He has been to the Canadian Human Rights people and is prepared to fight this thing through.

I felt this would happen sooner or later and I feel we should study the prospects of what we are faced with if this actually happens.

We should get the D.P.S.A's comments re: security clearance prior to looking at Suitability. Please prepare correspondence to D.P.S.A re this soon real problem.

79-05-08

Hen - As H.R. expert would you look after this by preparing memo to D.P.S.A asking for comments on how he will be dealing with the problem of "homos" particularly since we can expect challenges on discrimination, particularly with the job offer.
