HB 80.08.29  
HGS-5/10

80-09-03 - No further word from DPSA. However, recent proposal to amend CHRA to include sexual orientation is requiring comment by Commr. & will prompt immediate action. Outcome is awaited.

HGS 5/10

80-10-31 - Due to urgency of other projects, follow-up with DPSA has not been done. Research material is still being collected & eventually we will have to formulate a recommended position for Commr. consideration. Of interest to note that Sgt. JUHASZ is doing a Univ. paper on this topic which may be of use to us at a later time.

HGS 5/10

81-01-19 - All submissions have been reviewed and formulated by the DPSA with a meeting held in this regard with Section Heads approximately one month ago. It is decided that Internal Affairs will develop a policy submission following the present policy utilized by the Canadian Armed Forces whereby homosexual applicants will not be allowed in the Force. This project requires no further attention from this Unit and can effectively be closed at this time. This project will be cross-referenced to G530-14-954 for future reference.
