Dear Assistant Commissioner McGibbon:

The Chairman of the Security Advisory Committee has written to Mr. Gordon Smith, the Chairman of the ICSI, pointing out some of the consequences for security which may result from proposals to expand the prohibited grounds for discrimination in the Canadian Human Rights Act.

Attached is a copy of Mr. Shoemaker's letter for your information. Although the letter has been sent, your comments would still be welcome since it is anticipated that a more formal case may have to be made at a later date. The letter may also be useful given the implications in the general personnel management areas.

Yours sincerely,

P.R. Ansell
Secretary
Security Advisory Committee
