SUBJECT - SUJET

*Sexual Orientation*

REMARKS (Use same A-5 for Reply when space permits) - REMARQUES (Si l'espace le permet, répondre sur cette formule)

*Thanks. It makes interesting reading. While this direction was probably uncoordinable in the long run, we are once again taking the path of least resistance. The issue I am sure, will keep coming back to haunt us.*

*Since we now don't have any specific policy stating that we do not hire/fire for reasons of sexual orientation, I wonder whether we now need to write policy to that effect, although eventually this may be uncoordinable. This is a very hot topic with members in the field and I am sure they would be more receptive if they knew that all possible avenues of resistance were explored first, even if in the end we lost. I cannot help but wonder how a small community would react to an "open" homosexual policeman, a role which traditionally is one of trust, someone whom little boys look up to. I am sure he would not last long in a town such as Ashcroft, which has recently seen a lot of upset parents when a local school teacher was charged with molesting numerous young boys.*

*Please P.A. We have no further interest in the matter. New O.I.C. Recruiting will handle.*
