SUBJECT/OBJET: STILES ACTIONS

Comments/Remarques

Handwritten notes in left margin: "E", "Dum", "Hankin", "Lm"

There have been serious efforts to settle the related Stiles actions, since you and I last discussed this matter, but latest reports suggest that settlement is not possible, at least at this time. Eric Bowie is of the view that Stiles may have a change of heart at the last minute, on the very eve of trial, but he is now holding out for terms that the Commissioner cannot accept, notably reinstatement at the level of Sergeant. Pre-trial hearings are scheduled for early June and, if they do not lead to a settlement, the Federal Court action will likely go to trial this fall. As you may know, this most recent development will be a significant disappointment to the Force.
