By reference to the attached correspondence you will see that the bulk of the concern is with hiring practices and therefore it is likely the Public Service Commission which will be making the major input to the reply which eventually goes to the NGRC. There are a number of definitions requested which we could provide, however, and there is also a reference to Section 77 (sic) of the FAA which we will need to comment on as well. I assume that the proper reference is to Section 7(7). By copy of this memorandum I suggest that Jacques Francis should do the necessary defining and explaining in anticipation of David Morley's return.
