Ian Smyth in his memorandum of September 16 suggests that I should do the necessary defining and explaining(?) in anticipation of David Morley's return.

I have spoken to Tom Morry who agrees with me that providing a set of definitions would be non-productive and simply permit this debate to continue. Legal definitions are based on the various pièces of legislation for specific purposes, and are stated in the preamble to each specific act. Most of the definitions requested are contained in the FAA and the NGRC should be advised that the FAA can be purchased through DSS Printing and Publishing Center, or may be found in the 1970 Edition of the Revised Statutes of Canada at Chapter F.10.
