Military Stores Building
Ottawa, Ontario

Policy re Sexual Offenders

1. I refer to my monthly report dated 9 May 57 with regard to the question of these sexual offences which have recently been committed in this Garrison.
2. As a result of these offences the Commander Calgary Garrison has written a letter, copy of which is attached hereto, requesting direction and a firm policy for treatment of further offences of this nature.
3. Since there does not appear to be any policy in force at the moment in any of the Services, it is considered that it might be desirable to adopt an over-all, uniform policy for dealing with offences of this nature.
4. Accordingly the attached letter is being forwarded to you for your information and for any comments which you might choose to make.

③
JAG

As the AG discussed with you by phone, it does not seem possible to have a uniform policy in cases of this kind.

Returned for reply for your discretion.

W.A.B. ANDERSON
EP. GADIER

I agree with the Commander Calgary Garrison that this is a matter in which there should be a uniform policy. This is a matter since Enc para. 6 makes sense
