Sexual Offences
Security Clearances

1. "A" Branch file - HQC 3040-5 "Personnel - Releases - Polymorph Perverse" containing correspondence with Western Command concerning Army policy in respect to sexual offences has, by accident come to the attention of DMI.
2. It is noted that this file contains the names of five NCOs in Western Command alleged to have been involved in homosexual acts (Western Command message A 4712 of 6 May 57). There is no record of the names of any of these NCOs having been referred to DMI either from AG Branch at AHQ or through GSO 2 (Int) at Command.
3. Cases concerned with homosexual acts or perversion could well have a bearing on security and DMI should be advised in order to ensure that, when applicable, the security clearance of the persons concerned are reviewed.
4. It is therefore requested that DMI/MI-S be advised of cases of this nature even when action to release has already been taken.
