Petition for Redress of Grievance
- RCASC

1. As directed, the attached Provost Marshal's Instruction has been prepared for issue to all C Pro C detachments.
2. Be it noted that the procedure in obtaining statements as outlined in CAMT 10-5 is correct. However, in this case the investigator was at fault by using unethical means in obtaining a statement from the accused. This instruction will assist in maintaining the integrity of our investigators when dealing with soldiers.
3. Recommended for your approval please.
