This draft CAFAO appears to be satisfactory. However, it is to be noted that the revision to the Release Table provides for releases arising out of cases referred to in this directive to be effected under item 5(d) "Unsuitable for further service", or item 2(d) "Unsatisfactory conduct". Therefore, unless there is an urgent requirement to promulgate this policy prior to Jan 64, it may be in order to suggest that para 7 be amended to reflect the new items of release and to delay distribution until the revised Release Table has been published.

DAPC/APC3-3 and DPC/AWP may also be interested in this order.
