24 Mar 66

5 In view of the information received from [redacted] and [redacted] that a homosexual act had taken place between [redacted] and [redacted] on the 16 Mar 66 [redacted] was re-interviewed. The following statement was received from [redacted] after he was cautioned in accordance with QRMO article 101.12 (2): [redacted] On Aug 19, 1963 I was taken on strength at RCAP Stn Val D'Or. In November 1964 when [redacted] first arrived he became friendly with our bunch. Every Friday night as that was about the only time we seen him, he would come over to our table and join us drinking. After a couple of months of his drinking with us he started getting friendlier. One Friday night when he was feeling good he kept on grabbing me by the leg. At first it went unnoticed but then after a few times of this we came to the conclusion that he wasn't at all normal. So after that I figured I'd mark him and I started borrowing the car and getting loans from him. About a month or two after that, when we were drinking together we decided to go down town. We left the club around 10.30 and went down to the Lefevre Hotel and that's where we stayed till 0200 hours. When we were ready to leave we were feeling quite good, so [redacted] decided that he wanted to go for a ride and sober up a bit. When we got to the car [redacted] asked me to drive so I said "Okay". After driving for a few miles outside of Val D'Or he told me to turn into a side road which led to Ciscoe Beach. When we got there he asked me to stop so he could go for a piss. When he got back in the car he made a grab for my penis and then when I started the car to leave he pulled the keys out of the ignition. After that he took my penis out and started to suck it. After he was finished he gave me back the keys and I drove back to the barracks. He went in his own barracks and I went over to mine and that was the last time I associated with him. ENDS

12 In the course of the investigation it was learned that during the period [redacted] was on TD at Ste Val D'Or he was accompanied by [redacted] MM Tech, Ste Sagotville, P.Q. From vague information received it is suspected that [redacted] also carried on homosexual relations with this person.

13 [redacted] was re-interviewed as a result of the information supplied by [redacted] regarding homosexual activities between he and [redacted]. [redacted] declined to make a statement and maintained there had not been any homosexual relationship between himself and [redacted]. **Records at the Empire Hotel were checked with negative results.**

14 On the strength of the information supplied by [redacted] [redacted] was re-interviewed and at this time he verbally admitted to three homosexual acts taking place between himself and [redacted].

15 On the 17 Mar 66 [redacted] was re-interviewed and requested the opportunity to make a statement in writing. [redacted]'s statement is as follows: [redacted] On Sep 64 I was T.O.S. at St Hubert. In the months after my arrival I became acquainted with [redacted]. Approximately six months after knowing this man we were enroute to Chambly for a few drinks, with me driving his car. Just outside of St Hubert we picked up three teenagers, two boys and one girl, approximate ages 15 or 16 years. Not long after [redacted] started making indecent advances on my self by placing his hand on my leg and attempting to move it up to my crotch. I pushed him away and he sat quietly for the remainder of the trip. Upon reaching Chambly we saw a fire and stopped to investigate. While watching the fire he apologized. For the next three hours we discussed his problem and I suggested he see a physiatric. He told me he had and it never helped him. He also told me his problem had gotten him into trouble overseas and he had to pay a considerable amount of money. He did not go into detail on this subject. In the remainder of the time I knew him he did not try again to make any advances on myself, as I told him I was not homosexually inclined. [redacted] On Jul fourth 65 I was T.O.S. at Station Sagua. At no time on this base did I know or associate with any Homosexuals to the best of my knowledge. [redacted] On Jan 4 66 I was T.O.S. at station Val d'Or. Not long after my arrival I met [redacted]. We became good friends in the next two weeks. At this time I was hearing rumors about him at my section concerning his being homosexual. I did not believe them at this time but for my own curiosity I asked him. He admitted to being bi-sexual although he has, up until this time, made no indecent advances on myself. On March sixth we proceeded on leave together in [redacted]'s car. We arrived in St Hubert and I stayed in the barracks while [redacted] stayed with his sister in Jacques Cartier. On the morning following our arrival we met at a restaurant where I was talking to [redacted]. I introduced them and [redacted] left. I had previously told [redacted] about [redacted]. On Thursday March 10 th we proceeded to Sherbrooke, Quebec and stayed one night with his parents. We slept in one large bed but I received no advances from [redacted]. The next day we proceeded to Lewiston Maine USA for three days. The first night we slept in a motel. We again slept in a large bed and again I received no advances. The next two nights we spent at his relatives [redacted]. We again slept in a single bed and again I received no advances.

16 The following questions and answers were also received from [redacted].

Q1 - In your discussion with [redacted] at Stn St Hubert when he mentioned that his homosexual troubles had cost him a lot of money did you gain the impression that he was still paying for these troubles?

A1 - Yes.

Q2 - Do you have any idea who he might still be paying money to?

A2 - No, I don't, he never said who it was.

17 On the 21 Mar 66 [redacted] was re-interviewed regarding the allegation by [redacted] that he, [redacted] suggested that they sleep together in [redacted]'s room. [redacted] was emphatic in his denial that he had never at any time suggested this to [redacted].

18 During the interviews conducted up to this point allegations were forthcoming from several sources that, [redacted] Com Op, employed in the Crypto and Message Centres, Stn Val D'Or, PQ was also homosexually inclined. Investigation in this vein revealed information from the following persons;

(a) [redacted] advised that during the summer of 1965, [redacted] MSM Tech, now SCS on release to Gifford, PQ related the following incident. [redacted] is alleged to have stated that while returning to the station from Val D'Or, PQ he was travelling in the rear seat of an auto with [redacted] was partially laying on the seat when [redacted] fell over on top of him. [redacted]'s hand came to rest on [redacted]'s private parts. When [redacted] attempted to push [redacted] away [redacted] made a comment to the effect that he wanted to sleep. [redacted] also advised that one night in the Airmen's Club [redacted] had touched [redacted] on the arms and shoulders and remarked something to the effect that he had nice arms and shoulders. [redacted] also stated that females are not any good and are just trouble. On another occasion [redacted] stated that, "to-night I'm going downtown to see my homosexual friends".

(b) [redacted] WSB Op stated that in Feb 66 he was in the Airmen's Club sitting at a table with [redacted]. [redacted] removed his penis from his trousers and said that he was, "horny".

- 18 (c) [redacted] PF, stated that [redacted] persistently discusses male sex organs. [redacted] also stated that [redacted] appears to be attracted to [redacted]. This informant also stated that he and his friends feel uncomfortable in [redacted]'s presence and do not associate with him if possible.
- (d) [redacted] PF, stated that [redacted] frequently comes to his room at night after being down town. He sits on the edge of [redacted]'s bed and attempts to rub against [redacted]. On one occasion [redacted] left his room due to [redacted]'s presence. One other night [redacted] came to his room and found [redacted] fully clothed, sleeping on his bed.
- (e) [redacted] PF, stated that frequently when intoxicated, [redacted] would enter the airmen's quarters. He was apparently attracted to [redacted] as he usually went to [redacted]'s room. From his general behaviour and the fact that he only associated with males and never females [redacted] was under the impression that [redacted] was a homosexual.

19 A search of [redacted]'s room in quarters by the investigators with [redacted] and Station Val D'Or Air Force Police present revealed a quantity of pornographic literature. This literature was obviously printed on a service teleprinter or paper commonly used by message centres. The literature was confiscated by the investigators.

20 The foregoing information regarding [redacted] was made known to the Commanding Officer, RCAP Stn Val D'Or, PQ. Station Val D'Or authorities ordered that [redacted] be removed from his duties in the Message and Crypto Centres.

21 On the 19 Mar 66 [redacted] was interviewed. [redacted] advised that he was not aware of any actions on his part that could be construed as anything but normal. He also advised that when drinking he does not remember what he has done or said. He stated that when drinking he suffers from, "black outs". He realized that he was drinking too much and felt that he should cut down. He explained that his mother and father were separated in his early childhood and he was raised by his grandparents. The parents separation was due to his father [redacted] and as a result he was eventually committed to an Ontario Hospital where he died in Mar 65. [redacted] further advised that he did not associate with females although he claimed to have engaged local prostitutes on two or three occasions. He stated the pornographic literature was copied from a magazine while he was overseas. He utilized a service teleprinter and paper in doing so and claimed that this did not go through message centre circuits.

22 [redacted] appeared to be a mentally or emotionally disturbed person who sought attention through his contacts with younger airmen. He was known to spend considerable off-duty time in the Cocktail lounge of the Continental Hotel, Val D'Or, PQ. This lounge is operated by one [redacted] (approx 43 yrs, Russian born [redacted] refers). [redacted] is known well enough at this establishment to cash personal cheques.

7) On the 18 Mar 66, [redacted] made it known that he wished to submit a voluntary statement concerning his actions while at Stn Val D'Or. The statement is embodied hereunder: [redacted] When I [redacted] first arrived at RCAP Stn Val D'Or in August 1964, I started hanging around the bunch of guys that were here. We usually went out and drank and picked up some girls. One night when I was at the Combo Club (a few months after I'd been here) [redacted] came over and join me. We talked about the section and what the town of Val D'Or was like. Then about 10:00 o'clock we decided to go in town and the place we went was the Chateau Inn. We stayed there till about 1 or 2 in the morning. After that we went to the Oiseau Bleu for something to eat. After we finished eating [redacted] asked me how I was going home, and I said I didn't know. So he suggested that I go over to his place and sleep there. I didn't want to stay so when [redacted] and [redacted] came with there car I got a lift back to the base with them and I imagined [redacted] went home. For about a year after I kept going down town with the single guys, drinking and picking any girl that was around, and every chance we had we'd go to bed with them. The only thing that was wrong then was that we didn't have a car or I didn't have a car. Then in November 1964 when [redacted] showed up with a new car it was my answer. I figured I'd get to know him and we could go in town and pick up women and just go for a ride instead of getting a hotel room. For a month or so [redacted] would come over and drink with us, and it seemed that everytime we went down town looking for women he was just never interested and he just drank. Then about a week after he got drunk at the club and he came over and joined us. We sat down next to me and we started joking and having a good time. But the only thing wrong was that every time [redacted] would say something he would grab me by the leg. About three or four times of having to take his hand off we left for town leaving [redacted] behind. On our way to town the boys and I started discussing about [redacted] grabbing me by the leg and we came to the conclusion that maybe he was queer. So for a couple of weeks after whenever [redacted] came over to sit with us, he usually always sat next to me. So I figured, "what the Hell", this guy must be attracted to me so I decided to ask him for the car, which I did. I got the car a couple of times after that and then one night he wanted to come down town with us, so we said "okay" and he came down town to the Lefevre with his car. After staying there for a couple of hours we got feeling pretty good, so I asked a date with one of the girls down there to take her home after the place closed. So when I went and sat down with [redacted] I asked him for a loan of the car. He said he didn't know as he had no way of getting back, so I suggested that I drive him back and then I could take the car back down. He said "okay" so we left and then on our way back [redacted] layed down on the seat with his head on my leg. I thought he was just resting but then I felt his hand on my penis. Then I told him to take his hand off and that I didn't want to fool around like that. He said "come on" just for subtle and then you can take the car back down. So I got to thinking maybe if I didn't let him fool around with my penis he wouldn't let me have the car and then when I realized what was going on he had my penis out and kissing it. So I drove to the barracks and let him off and went back in to the town to pick up my girl. Everything after that went go, I got the car and he didn't try anything till about three weeks after the first incident. It happen about the same as the other time, the only thing different was that this time he wanted to stop on one of the old roads back to the base. So I stopped on one of the old roads and this time he got my pants down to my knees and started playing around with it. We stayed there for about five minutes and I was getting sick and disgusted just having him kiss it. So we left and I took him back to the barracks and I went back down town.

23 CONT I MUST BACK DOWN TOWN. After the second incident I stopped borrowing the car as my appetite was getting smaller just thinking about what he had done to me. But about one month after that, we had a party at the base, and I was there stag and then [redacted] came over and ask me what I was doing. This was about 11.30 at night and I was feeling good so I told him I was going down the lafevre to pick up a girl. That was when I ask him if he wanted a date with one of the girls down there and he said "yes". So we left the party and went down to the lafevre when I picked up two girls. At around 2 o'clock we drove them home, I asked the girls if they wanted to go home and the one with [redacted] said she did, so that was decided for her. After dropping the girl that Felchat had off I asked [redacted] if I could borrow the car and go perking with my girl for awhile. He suggested that I drive him to a restaurant and after I was finished to pick him up again. About an hour after I came back to pick [redacted] up and when he got in the car, he said he felt sick and he wanted me to drive around. So I started the car and went out towards Amos, but on the way he wanted me to go down towards Siscoe Beach so he could use the washroom. When we got there he got out and had a piss and when he got back in the car he grabbed me by the penis. I told him I was sick of him doing that and that I wanted to go back. Then when I started the car, he turned the key off and put them in his pocket. So then I figured let him suck it and after I can go back to the barracks and get some sleep. We stayed there for about fifteen minutes and then he gave me back the keys. After I started the car he asked me if he could kiss and that when I felt sick and told him to go to hell. He didn't say anything so I drove back to the barracks and parked the car. He went in his barracks and I went to my to sleep. But when I got in bed I could't sleep, I just keep on thinking what the hell was wrong with me. Then for about a week I could't eat and could't sleep and I just about given up hope of even living. The next week and I went down to North Bay with [redacted] and [redacted] and that was where I told them about what happened between [redacted] and I. It felt good just to talk it over with somebody and ever since then I've never associated with [redacted] again. I made it a point to keep my distance. About a year passed and nothing went on, I never got [redacted]'s car and he left me alone. He asked me to go on leave with him and go down at his place at Christmas, but I always said "no". Then in October 1965, when I was sitting down in the club one Sunday night, [redacted] came over to join me. We sat down and had a few beer and then at around 11.00 O'clock he suggested that we go for a mid-night swim, which I did't want to go. But he kept on insisting that we go, and that he was tired. So about 5 minutes later after [redacted] came in and sat down with us. So he stayed with us and then [redacted] decided to go home and we went to barracks with the twelve pints of beer that [redacted] had bought and I put them in my locker till I felt like drinking them. After that nobody bothered me.

EGD: [redacted]

24 In addition to the above voluntary statement, [redacted] stated verbally, that when [redacted] joined he and [redacted] at the table in the Airmen's Club, [redacted] left to go to the washroom. While [redacted] was out of the room, [redacted] made the following remark to [redacted], "Stay here with me, as I don't want to be left alone with that queer bastard".

26 Inattempting to establish the identity of the Airman referred to as either [redacted] or [redacted] by [redacted] (para 25(b) refers) no concrete information was forthcoming. The identity of the Airman referred to by [redacted] (para 25(d) refers) could not be established. Records at Stn Val D'Or were checked and the [redacted] referred to was [redacted] who was at Stn Val D'Or on TD from Stn Senneterre, PQ. He was SOS Stn Senneterre on transfer to Stn Gypsauxville, Man, on the 8 Mar 65. He is now believed to be employed by [redacted] Ottawa, Ont. [redacted] was believed to be [redacted] SOS on release on 2 Sep 64.

AOR was shown as [redacted]

27 When [redacted] was interviewed on the 16 Mar 66 (para 7 refers) the investigators were aware of the allegation that [redacted] and [redacted] had spent the night together in a room in the Chateau Louis Hotel, Val D'Or, PQ. During this interview [redacted] explained that he and [redacted] had been drinking in the Chateau Louis Hotel. At the conclusion of the evening they discovered that [redacted]'s auto would not start. [redacted] called for and paid a taxi to return [redacted] to the station. [redacted] did not accompany [redacted] in the taxi but remained down town to seek his own way home.

28 During the interview with [redacted] he stated that it was a blow to his pride when he admitted the homosexual act between himself and [redacted]. On another occasion after he admitted the three homosexual acts between [redacted] and himself, he made the remark, "do you think I am a (course) queer". In his statement of the 18 Mar 66 (para 23 refers) he advises that [redacted] invited him to his home after an evening's drinking together. [redacted] declined the invitation. In this same statement after he and [redacted] committed homosexual acts together [redacted] stated that he could not sleep, lacked an appetite and was mentally upset. It is the joint opinion of the investigators that [redacted] had engaged in some homosexual act with [redacted] and he could not or would not admit this either through pride or fear, or both.

29 [redacted] Val D'Or Police Dept assisted the investigators in checking the records at the Chateau Louis Hotel, Val D'Or, PQ, where [redacted] and [redacted] allegedly spent the night together. This check proved negative. In many instances the names on the registration cards were illegible. [redacted] stated that the hotel administration is not particular in regards to the registration of guests and in fact the hotel rooms are frequently utilized by prostitutes and their clients.

4 In addition, it is considered imperative that, [redacted] employed by [redacted] Ottawa, Ontario and [redacted] Delacour, Alberta, be interviewed relative to alleged homosexual advances made by [redacted] MSEOp, Val d'Or, PQ.

5 It is suggested that [redacted] ITech; [redacted] believed at [redacted] Clk Admin; and [redacted] 1 Air Div Mets, be interviewed in attempt to establish their degree of participation in homosexual activities.
