Base Personnel Officer  
HQ [redacted]

Medical Category  
[redacted]

1. The above named has been assessed by the psychiatrist who states that he can find no psychiatric disability and no evidence of any sexual abnormality.
2. It has been established that two incidents with homosexual overtones involving the [redacted] as the active instigator did in fact occur. Alcohol in large quantities was consumed in both cases and is a factor to be considered.
3. Providing the service record of the above named is satisfactory, an observation period of 6 months to 1 year may be indicated. Otherwise, a release from the service on administrative grounds should be proceeded with.
