MEMORANDUM FOR MR. HALL:

Security questions

In case they slip my mind, there are two points I want to discuss with you when you are back in the office. They are:

- (a) A memorandum for the Prime Minister on problems relating to the Queen's visit for the Olympics this summer; and
- (b) A re-examination of our policy with regard to the treatment of homosexuality for security purposes.

Please give me a call when you are able to do so: neither of these is urgent.
