D/Surg	<p>Ref: Draft No. 1</p> <p>1. I am unclear about the meaning of the first sentence in para 5, has the word "treatment" been left out? Along this line, I have always been concerned with CFAO 19-20 para 10. If the homosexual or sexual deviate "exercise the right" to "counselling and rehabilitation" we could get involved in a 3-5 year course of psychotherapy/psychoanalysis/behavior modification venture - presumably at service expense with little or no assurance of the end result.</p> <p>2. Medically I agree that there is no difference between homosexuality and sexual deviation that has implications in this issue.</p> <p>1 Sep 82</p> <p style="text-align: right;"> M.M.
