Dear Mr Low;

I have received the Memorandum to Cabinet concerning the Canadian Human Rights Act amendments which was forwarded to the Department of National Defence by your Deputy Minister on 22 December 1989. As explained by our representatives at your meeting of 10 January, we are only just now in the process of analyzing the draft document.

You will know, of course, that this Department has a number of concerns with the present draft. I expect to provide you with detailed comments on or about Wednesday, 17 January, hopefully to be followed fairly quickly by a meeting between us and our respective staffs.

I have been appointed as the DND point of contact for the CHRA amendments. Should you have any questions on this issue, I can be contacted at 995-0018.

Yours Sincerely,

D.E. Munro
Brigadier-General
