**REMARKS - OBSERVATIONS**

I have read the statement of 19 Mar 90 from the MO. As you are aware, our homosexual exclusionary policy, as reflected in the draft CFAO 19-30, is based upon acts and no longer orientation per se. Therefore, even accepting her change of orientation as fact and not self-serving fiction, we still have an acknowledged homosexual who was engaged in an apparently continuing and active relationship

at least until the date of  
 the MP report in 1987. The  
 question now becomes whether,  
 in light of her statements to  
 the MO and the latter's memo,  
 G.P. falls within the provisions  
 in CFAD 19-36 whereby a  
 member may be retained  
 notwithstanding homosexual  
 activity. Of relevance in that  
 respect is the inference (not  
 specifically stated) that she has  
 not engaged in homosexual
