SAME-SEX PARTNERS  
POSTING ENTITLEMENTS

Ref: ADM(Per) Memo to CPRM 11 May 94

1. Enclosed for your information is a Briefing Note on the subject of same-sex partners and benefits. The whole question of marital and family status is under active review by the federal government and no conclusions have been reached.
2. In the case of [redacted] his same-sex partner clearly cannot be considered as a spouse or common-law spouse under current legislation and regulations. This also means that the same-sex partner would not be recognized under the NATO SOFA.
3. A CF member who is a single parent can apply to have a housekeeper accompany him or her on posting. However, records show [redacted] as being single, with no children. Therefore, this would not be an option for consideration in his case.
