Dear Mr. Minister

Thankyou for the response to my letter you sent, however it really didnt answer any of my questions and perhaps I should rephrase them.

First off sir I would ask if you are aware of the cases of post traumatic stress Disorder (myself included) that were a part of the result of the S.I.U. interrogations? Yes Sir I am aware of the Policy of the day. The questions I am asking are what are you planning to do about the results of said policy. Will you be lifting the official secrets act so all past cases of your policy of the day can be correct I do not feel that a persons sexual preference be classed as a security matter nor a threat to National Defence. However saying that it appears to me you find it so. What steps are you taking to get to re do old records stating the words Conduct unbecoming or Not advantageously employable? To you Sir this may be a small matter however to those who have it stamped on there release paper I assure you it is very important. Not to mention there security clearance that was stripped from every one of us that suffered under "The policy of the Day". Also Sir can we expect an apology in the near future?

I look forward to your reply
