Draft AFAOs - Homosexuals

1 Draft copies of the AFAOs dealing with homosexuals have been obtained. One was obtained from DGMS(Air)/Med-2, who has orally indicated general approval, but advised he was under the impression that a meeting of DPA, Med-2, PA2, and PA5 was to be held to approve the final draft. A second draft was located which has some comments from PA2.

2 From the two drafts obtained another draft has been prepared, but as the subject is foreign to PA4 it has not been possible to edit it other than as to form and style.

3 The draft orders, in triplicate, are passed for approval or further study as necessary.
