LAW

- 1 M227 Medical Board Proceedings on the a/n airwoman are forwarded for your consideration.
- 2 It was first intended to apply instructions issued in your letter S45-4-57 (DPA) dated 4 May 48. However since these instructions were issued before the recruiting of Women Personnel into the Service it was not certain whether your HQ considered that they should be applied in this case.
- 3 This board is recommended for approval under an appropriate release authority. Further, it is suggested that the letter referenced in para 2 be revised and re-issued to cover Women Personnel.
