Releases - Airwomen

1 AFHQ has been requested to justify a number of airwomen releases authorized by your Headquarters under the provisions of QR (Air) art 15:01 item 2 (c). The releases in question apparently were approved in accordance with policy letter S45-4-57 (DPA) dated 4 May 48, and complete background information is not available from the Command Confidential files.

2 It is requested, therefore, that a detailed report on all airwomen of Training Command released under item 2 (c) of the release table subsequent to 3 Jun 52 be expedited to AFHQ. The report is to include information pertaining to airwomen who have requested a "Redress of Grievance" in this respect.
