Policy Letter on Homosexual Cases

(1) 1 In a discussion held with W/C Powell at IAM, he stated that a policy letter had been produced by TC some years ago giving full responsibility in the handling of homosexual problems to the medical officer. W/C Powell felt that this was a valuable policy and should be incorporated in any future planning.

2 Could a copy of this letter be obtained from Trenton. If TCHQ does not have it, there is a copy in the station hospital. It is dated 6 May 48 and is numbered C-7-SOPA. There is another policy on file at Trenton dated 23 Dec 44 numbered S-45-4-57 (D of P/Pl). A copy of this might also prove useful.

(2) DPA/PAS

Have asked TCHQ for copies of both letters. Will advise when rec'd.
