MEMORANDUM TO MR. BRYCE

I attach a draft memorandum to the Prime Minister on present security policy in the public service.

In your absence I heard from Wilbur Jackett that Mr. Fulton has been making a number of enquiries concerning security, and particularly with regard to the Perusse case. I think that when you have shown this memorandum in its final form to the Prime Minister it might perhaps be a good idea if we were to send another copy to Mr. Fulton as soon as possible.
