FILE NO. _____

(Extract from minutes of S & I Conference
held at H.Q. in February, 1961)

Item # 71 Problem: CHARACTER WEAKNESSES - Homosexuality

The security risk this character weakness presents.

Conclusion:

The Conference felt that a paper on this problem
in general would be of some advantage to the field
in appreciating what this problem is and in
meeting those cases that require attention at a
Divisional level. (HQ)

(Supt Kelly's remarks: "A" Br. is preparing a paper)

*A paper on the problem
- yes - but not to be
