

Mr. Bryce

Wilbur Jackett has just drafted the attached paper for informal discussion among ourselves and Commissioner Nicholson. Mr. Fulton has seen and approved it in principle, and would like it moved ahead. Mr. Jackett suggests we discuss it here and meet with him and Nicholson later this week if possible, to agree on a version which would probably go to the Security Panel.

If you feel that preliminary discussion is necessary, Mr. Dwyer and I would be happy to talk about it at any time convenient to you.
