(CONFIDENTIAL without attachment)

MEMORANDUM FOR MR. BRYCERe: Security Review Board

I attach for your signature the letter to Mr. Fulton concerning the question of a preliminary review and the defence industry problem. I have incorporated your suggestions and have shown the letter to Nicholson, who is in full agreement.

I would suggest that we might send a copy of the letter to each of the Panel members explaining that we considered these matters could be dealt with by this means without another meeting, and that any further points they wished to raise could be given their ministers and discussed in the proposed Cabinet Committee.
