Reference to our QAC(MAN)314 of this date.

2. With regards to para #3 of my report, I wish to correct any confusion that may be drawn from it. I knew that time was an essence in this case and considering that the report would have to be sent to the Ottawa translating facilities, I judged it important enough to submit the remainder of my report in English.

3. I wish to make the following correction to para #4 (c), lines 4-5
