REMARKS (Use same A-5 for Reply when space permits) - REMARQUES (Si l'espace le permet, répondre sur cette formule)

Our telephone conversation of 85.07.24 refers

The Comm will not discharge without a hearing. His preference is that it be on oral hearing. The policy should be written in such a way that in those cases where homosexuality is admitted the adjudicator will have no choice but to recommend discharge. In that case where homosexuality is denied the case will have to be proven.

Policy should also allow the member the opportunity to refuse a hearing.

Check what Brown said about the right to a hearing. Review White's, but his judgment to ensure any weaknesses in the system are corrected the policy.

Once this is done arrange for a meeting with Comm with yourself, DHS, DOP, OIA & rep of legal services also in attendance.

ASAP, per.
