The purpose of the memorandum is to circulate a letter prepared for the signature of the SSEA to the B'nai Brith which unequivocally spells out the assignment policy of this Department. That is - **No Employee of the Department is excluded from being considered for any assignment on the basis of sex, race, religion or ethnic origin.** Assignment decisions are made on a case-by-case basis and are based on objective criteria such as experience, performance, abilities and potential effectiveness. It is essential that all assignment divisions apply this policy transparently and consistently.

Any questions you have about this issue in the context of a specific assignment should be addressed to APD.
