Dear Ms. Petzinger: *Bonnie*

This will confirm my earlier telephone conversation of this morning concerning the ongoing complaint file noted above. It also confirms Mr. Tetro's subsequent telephone conversation with L/Col Watkin.

During the course of the investigation and in the meeting held in our office on July 3 mention was made of the Project Steering Committee. It is our understanding that this committee was formed to develop the "policy" on homosexuality in the Canadian Forces.

We wish to review those departmental file(s) that address the policy aspects of this issue dating back to the formation of the committee, together with any minutes of the committee if any exist.

I may be contacted at 995-1783 to arrange for our office to pick up the file(s). Should any clarification be necessary please do not hesitate to contact myself or Paul Tetro. An early response to this need would be appreciated.

Yours sincerely,

J.G.D. Dupuis
